

Hello

I had the pleasure to attend the Modern Hungary course at Debrecen 2023. The experience far surpassed my expectations. From the moment of arrival the staff was so helpful and kind. My teachers were kind, patient, and knowledgeable. We had a great time learning while also making friends from different areas of the world. It was amazing to come together with so many other people who were passionate about learning the Hungarian language. I cannot thank The Cleveland Hungarian Development Panel enough. I hope to get the scholarship next year and be able to continue in the program.

Thank you so very much

Bényi Nicole
